

**Your 2017 Annual Account Summary:**

**One more way that Sears MasterCard provides you with the tools to make smart decisions about your spending.**

Dear Johna L Thornton,

It is my pleasure to provide you with an extremely valuable benefit of your Sears MasterCard, your 2017 Annual Account Summary. You may find it helpful for tracking expenses and preparing for taxes. It's just one more way that Sears MasterCard gives you greater control of your finances and helps you spend wisely.

**Expense tracking**

**How your summary is organized**

This summary, prepared exclusively for you, gives details about the charges made to your account in the last year. On page 2, you will see two charts. One shows your 2017 charges arranged by spending category. The other shows the same information arranged by month. This information will help you see exactly when and where purchases were made in 2017. On page 3, you will see the beginning of the transaction detail for your account, organized by spending category. Depending on the number of transactions made last year, you may have several subsequent pages.

**Budget planning**

**Important features of your summary**

- Each transaction includes a line to help you indicate tax-deductible purchases.
- If a merchant is owned by another company, a charge may appear in a category you don't expect. For instance, charges made at a hotel restaurant may appear under the Lodging category.
- If you changed from one type of card to another, or your card was lost or stolen, charges from related accounts are summarized here.

**Detailed account of your spending**

**Prepare for the future by looking at the past**

We hope that your Annual Account Summary will serve as a valuable tool when preparing your taxes and budgeting for the upcoming year. We look forward to providing you with the services you need to help you spend wisely and make the most of your money.

**Organized by month and spending category**

Sincerely,

Sears Cardmember Services

P.S. If we can help you with questions about your summary or any matter concerning your account, please feel free to call us at 1-800-669-8488.
